A Statement of Outreach

As the homeowners of 515 Oglethorpe St NW, Washington, D.C. 20011 and as per requirements from the DC zoning committee about the intended deck addition to the property, we have started contact by email with our ANC 4B04 representative, Commissioner Brenda Dawson Parks at 4B04@anc.dc.gov. Since ANC meetings are held virtually because of the pandemic, we are working on the best way to submit our application to them for them to review.

Similarly, we have discussed our proposed deck addition with adjacent neighbors and those who also have built rear decks on their semi-detached homes as well. We will be happy to discuss or provide further information if needed.

Sincerely,
Patricia Probst & Jourdan Miller
Homeowners of 515 Oglethorpe St NW
